

COVID-19 Hygiene Standards

Our additional hygiene standards ensure a safe stay with us.

Mouth and nose protection in the entire building

In all areas of the building, our guests and employees must always wear mouth and nose protection.

Disinfection of Rooms

Before you arrive all contact surfaces such as door handles, window handles, bathroom fittings and other surfaces of shelves and tables going to be cleaned thoroughly and disinfected afterwards.

Bed Linen and Towels

After check-in you will take the bed linen with you and make up the bed on your own. This is how we ensure that our laundry, which has been cleaned hygienically by certified laundries, only comes into contact with you. Towels are also available at the reception for a fee. When you leave us, please bring the used laundry into the laundry room.

Acrylic Glass at the Front Desk

Our employees are now behind acrylic glass for mutual protection. Everything as usual - we are there for you 24/7. Now just with a bank counter atmosphere.

Express Check-out | Key Card

On the day of departure you can simply throw your key card in the box on the reception counter. We disinfect all key cards several times a day.

Keep a Distance of at least 1.5 Meters

Please keep a minimum distance of 1.5 meters from employees and other guests.

Lingering longer in the lobby

At the moment it is unfortunately not permitted to stay for longer in our lobby for e.g. working or other long-term activities.

Hygiene Plus

In addition to our existing hygiene standards the public areas such as the bar, lobby & reception are also treated with disinfectants at regular intervals.

Disinfectant Dispenser

For you and our employees disinfection dispensers are available in all public areas for even better protection. Available at all times.
